

Award Details

Translaminar fracture toughness of carbon fibre composites

Research Details

Competition Year:	1992	Fiscal Year:	1993-1994
Project Lead Name:	Kortschot, Mark	Institution:	University of Toronto
Department:	Chemical Eng and Applied Chemistry	Province:	Ontario
Award Amount:	22,000	Installment:	2-3
Program:	Discovery Grants Program - Individual	Selection Committee:	Chem. & Metallurgical Eng.
Research Subject:	Composites	Area of Application:	Materials sciences
Co-Researchers:	No Co-Researcher	Partners:	No Partners

Award Summary

No summary - Aucun sommaire
