

Award Details

Fault diagnosis, isolation and recovery (FDIR) in formation control of satellite constellation

Research Details

Competition Year:	2007	Fiscal Year:	2009-2010
Project Lead Name:	Azizi, Seyyedmohsen	Institution:	Concordia University
Department:	Electrical and Computer Engineering	Province:	Québec
Award Amount:	21,000	Installment:	
Program:	Postgraduate Scholarships - Doctoral	Selection Committee:	Electrical Engineering and Computer Science Scholarships Selection Committee
Research Subject:	Control systems	Area of Application:	Not available
Co-Researchers:	No Co-Researcher	Partners:	No Partners
